Dear New Patient,

We are pleased to welcome you to Roseville Orthopedic Surgery & Sports Medicine. We are very proud to have been serving the community with a tradition of excellence for over 50 years. Our goal is to provide the highest quality care for all of our patients in a timely and respectful manner. As a result, we can offer you a proactive and expeditious recovery from your orthopedic problems.

Roseville Orthopedic Surgery & Sports Medicine is an independent group affiliated with Sutter Medical Foundation. Our shared electronic medical record allows us to receive patient results quickly and efficiently through our direct link with Sutter Medical Foundation services. This is an important resource for patients and referring providers, and we encourage you to take full advantage of My Health Online through the Sutter website. Likewise, www.rosevilleorthopedics.com has much of the information and details you may be seeking for your consultation with us. We encourage you to visit our website for general information, driving directions, and biographies of our surgeons.

In addition to your relevant imaging studies and medication lists, you will need to bring your current insurance card and a photo ID with you for your first appointment. We have also attached registration and medical history forms that need to be completed prior to arrival. All co-pays and past due balances are expected at time of service, unless prior arrangements have been made with our billing department.

To facilitate new patient registration, we ask that you arrive prior your scheduled check in time. We take your time and other commitments seriously, and strive to stay on schedule. As a courtesy to our other patients that are affected by delays, you may

Robert Jamieson, D.O.
